**Your Comment:** The Tribe received a copy of your request for comments on the Line Extension Tariffs, Docket No. UT-991737, Chapter 480-120-071 WAC. We are not sure if this proposal will impact Indian tribes, but we would point out that urban growth area restrictions do not apply to tribal trust and reservation land. Possibly some language needs to be incorporated into the proposed rule to recognize this distinction. We suggest you have someone experienced in Indian law review the proposed rule.
